Northrup Hardware Co.'s Property and Other Buildings and Stocks of Great Value Destroyed.

(BY THE ASSOCIATED PRESS—P.M.)

BOISE (Idaho) June 21.—A disastrous fire occurred early this morning at Eighth and Myrtle streets, entailing a loss of about \$140,000, divided as follows:

Northrup Company, \$60,000

on stock and \$7000 on building; Armour & Co., \$15,000 on stock and \$7000 on buildings; Fletcher Steen Hardware Company, occupying space in the Armoum building, \$10,000 on stock; John L. Day Co., groceries, \$5,000 on stock and \$1000 on building. Dr. H. L. Hargis carried \$12,000 and \$14,000 insurance on stock and \$2000 on building. The Northrups were insured for about half. The other insurance cannot be learned.

JETT AND WHITE QUIET.

LEXINGTON (Ky.) June 21.—Curtis Jett and Thomas White spent a quiet day in jail here. They were not accessible to visitors and the usual religious services were dispensed with on account of the crowds of curious who would have taken advantage of the police guard.

Thomas Tunstall was well known throughout California, and made a brave and fearless Sheriff of Marin county.

The Congregational Church eadets of Oakland, who were encamped near by, were witnesses to the accident, and were quickly on the scene to give valiant assistance. In one body they

had to do with their multiplicity of aspirants for the office.

THOMAS BONNEAU was one of the most popular men in Marin county. He held the office of County Clerk for a number of terms.

is graduation week, and in the events, serious and varied to come from him that the publication of the terms of the demands is regarded by Russia as a breach of faith on the part of China, and that hereafter it would be necessary for China in future negotiations to appoint two commissioners who should be held personally responsible for the secrecy of the negotiations. The Japanese press denies Russia's right to impose any such conditions on China.

The Yalu difficult continues. It now appears that the Russians have purchased some twelve acres of land at Yung An Pho, in the name of their Korean interpreter, and are busily engaged in collecting coal and lumbering materials there. The connection between this settlement and the Russian lumbering concession on the Yalu is problematical. The Japanese papers regard the enterprise with extreme suspicion, and the Chinese government has made no sign. The Korean government has addressed protests to the Russian representative at Seoul, regarding the alleged trespass and destruction of property by Russian lumbering companies in Korean territory. The Russians are said to be surveying for a railroad by Liao Yang and the Yalu via Feng-hwang, and roads fit for artillery have been prepared, but which the Chinese have not yet seen.

JAPANESE DIET CONVOKED.  
(BY THE ASSOCIATED PRESS-P.M.)

PEKING, June 21.—[Wire from Victoria June 21.] News has been received here that the famine in Kwang Si is growing worse by degrees.

The starving population is estimated at 200,000, and daily numbers of deaths occur from starvation. The Chinese are considering an official subscription list.

The British authorities in Hongkong aided by public subscriptions, have been sending aid for two months. A Japanese says cannibalism is becoming prevalent, and human flesh is publicly offered for sale.

Kang Yu Wei, the well-known Chinese refugee, leader of the reform party, arrived at Hongkong from Calcutta May 31, on receipt of an alleged telegram from the Chinese Emperor who urged him to return to Peking since the reactionary Minister, Yung Lu, was dead. The Hongkong members of the reform party told Kang that they were convinced the imperial summer was bogus, and had sent to him as far as possible up the idea of going back to Peking, and has sailed again for the Straits Settlement and India.

Regarding the proposed Canton-Hankow Railway, the Asiatic correspondent reports that American and Japanese experts have been compelled to return to the starting points without accomplishing anything owing to inadequate protection by Chinese officials. They were driven by rioters en route. The United States Consul at Canton has again dispatched a gunboat to Tsimshai, one of which was built in England and the others in Holland. All fly the Dutch flag.

NORMAL BANQUET.

Last night the Los Angeles State Normal School Alumni Association gave a dinner banquet to the graduates of the Normal School. There were not 100 guests in the gymnasium, where the repast was spread.

The tables were decorated with pink and white, and the large hall was filled with the fragrance of flowers of pink and white. The diners were seated by a business meeting of the association, and followed by an informal dance and reception. Miss Vesta Goss, president, presided as master, and the program included singing by the Normal Club, "Come Back," and the Spanish Cavalier" and "The Lark."

In the morning, at the First Methodist Church, Rev. Robert Wadsworth presided at the baccalaureate service to the Normal Graduates. Tomorrow at 10 o'clock, class day will be observed in the Normal building. The commencement will be held Thursday evening at 10 o'clock in the auditorium. President W. Wadsworth of Occidental College will deliver the address. Thursday evening, the school president and Mrs. Wadsworth will tender a reception to A class.

MURDER OF A REFORMER.

(BY THE ASSOCIATED PRESS-P.M.)

HONG KONG, June 21.—[Wire from Victoria June 21.] Evidence was given in the trial of murderers of the reformer.

Yung Kue Wan, proving that the Chinese government hired assassins to murder the reformer, who had been connected with the Wahcong Si rebels. The French Consul at Mengsi, who also gave evidence, said that the rising, which had no connection with Yung Kue Wan, was at an end; but later telegrams reported the capture of Linnaia by the rebels, but fresh refugees who came from that place it has been learned that a church belonging to French missionaries was destroyed and the missionaries fled to Yunnan for safety.

Some of the priests were captured and murdered by the rebels while on the way to the church. The priests are as follows: Tomorrow at 10 o'clock, class day will be observed in the Normal building. The commencement will be held Thursday evening at 10 o'clock in the auditorium. President W. Wadsworth of Occidental College will deliver the address. MEXICO.  
GEN. DIAZ RECEIVES LIBERAL LEAGUE MEN.

ANNIVERSARY OF HOISTING OF MEXICAN BANNER.

Death of Maj. Alfred Raphael, United States Commercial Agent at Aguas Calientes—Dr. Comstock of Los Angeles Engaged as Consulting Engineer of a Copper Company.

(BY DIRECT WIRE TO THE TIMES)

CITY OF MEXICO, June 21.—(Exclusive Dispatch.) At last night's session of the Liberal League, Gen. Gerardo Trevino was elected chairman and a board of directors also was designated. Bylaws were adopted, and the meeting adjourned to meet again on Friday next. The Oaxaca delegation was received by President Diaz. In response to the address of the delegation, President Diaz recounted the history of the elections since the first nomination in 1876, giving evidence of wonderful powers of memory. He referred to the fact that yesterday was the thirty-sixth anniversary of the hoisting of the Mexican banner on the National Palace after the overthrow of Maximilian's empire, making yesterday's incidents the more significant, not from personal grounds, but as indicative of political progress in Mexico. The interview was followed by an informal reception, during which the delegates freely discussed the situation with the President. The entire gathering was characterized by a spirit of cameraderie characteristic of President Diaz when mingling with men from Oaxaca, his native State.

Maj. Alfred Raphael, United States Commercial agent at Aguas Calientes, died yesterday of cerebral hemorrhage, at the age of 65 years. He was a veteran of the Civil War in the Union side, and had been in Mexico since 1883, first as contractor on the Mexican Central Railroad, and later connected with the Cuernavaca Hallway, Consul-General Barlow has communicated with the State Department concerning his death.

Gen. M. C. Butler, United States Senator, accompanied by Mrs. Butler, arrived at Raleigh, N. C., on a visit of business and pleasure combined, and is at the Hotel Reforma.

Dr. Theodore B. Comstock of Los Angeles has been engaged as consulting engineer of the Carmen Copper Company's, New York, properties in Durango. Dr. Comstock will visit the mines about July 1, and commence development work. At present, 300 men are working at the mines, of which the ore carry gold, silver, copper, and zinc.

E. D. Eisen, general manager of the Mitchell Copper Company, leaves Philadelphia, capital of Guerrero, today for Mexico, going thence to Los Angeles; from Los Angeles he will accompany Mitchell to Alaska.

John F. Dawling, a veteran mining man of Mexico, through whose instrumentality George Mitchell entered the mining field in Guerrero, started today on a vacation trip to his old Nebraska home. It is his first trip home in eleven years.

California arrivals: Mrs. L. S. Carrot and daughter, Mrs. Myers, San Francisco; D. D. Belair and family, San Luis Obispo; F. Peres and wife, Artesia; and A. N. Richardson, Valencia.

Being Converted, He Now Sees Straight.

SEATTLE (Wash.) June 19, 1903.—Dear Sir: Permit me as an American citizen to thank you for your bold and patriotic position against the methods of labor unions. It seemed to me that your position was not only extreme, but positively inhuman. But from a later personal acquaintance with some of the unions as well as from reports abroad, I realize that your clear diagnosis has been most accurate. Your boldness as a publisher of the truth about the matter is a benefit not only to the Coast, but to the whole nation.

It is to be hoped that the hundreds of employers who cannot hire men except through labor unions. A union there fined a member \$5 for going out and looking for a situation as a bakery wagon driver. The same union fined a "young fellow" an equal amount for having left his situation without reporting to union headquarters. The Bakery Wagon Drivers' Union exacts a fee of \$40 to become a member, whose wages are \$16 a week, if a position is secured.

Foreigners who may be repeating tactics similar to those remote heroes who ruined Rome.

Wishing you God-speed in your work, which a well-informed public will sustain, I am Yours very truly,

The "Offense of Being Married Women."

LOS ANGELES, June 20, 1903.—(To the Editor of The Times) The increasing interest aroused over the recent action of the Board of Education leads us to write to you under the impression that no construction can be given to the acts, rather than improvement of conditions.

Some illustrations of what the effect will be—the Russian and Chinese Much Different in Character.

(Correspondent of London Chronicle) I spin off the latest official denials, the origin of which is unknown in name, as it has long ceased in fact to form part of the Chinese Empire has not passed away. Rich in minerals and precious stones, a white man's land, when growing, is Manchuria, a valuable possession being nine-tenths of the law, is Russia's. We do not understand what China means by this.

Liberal education over having gone gone and requiring studies only.

Culture, pleasure, manners, etc., over one lacking in these essentials.

Having to support herself or others over being supported.

Students of Los Angeles city, and graduate students of California normal schools, over non-residents.

It would require ingenuity to apply any of these rules to some cases; the Normal Training School, for instance, where the especial qualifications in her favor were "experience, liberal education, culture, supporting herself and family, a resident of Los Angeles," and a graduate of the Los Angeles Normal School with the single offense of being a married woman.

The selection of teachers, (not dismissal,) Experience over inexperience.

Liberal education over having gone gone and requiring studies only.

Culture, pleasure, manners, etc., over one lacking in these essentials.

Having to support herself or others over being supported.

Students of Los Angeles city, and graduate students of California normal schools, over non-residents.

The rule was not for the purpose of segregating to the back pasture a faithful worker who attained success through years of experience, a course which would actually impair the efficiency of our school system; would against poor policy, hence, in law, unconstitutional.

I believe public opinion will join with me that the school board should not be converted into a board of charity for the purpose of abusing salaries to the needy rather than to the efficient.

The remedy might be the organization of women as eligible to educational offices, with the right to vote on such questions. This has been successfully tried in older States.

The Dove Ordinance.

PASADENA, June 20.—(To the Editor of The Times) An article in the Sunday edition of The Times yesterday headed "New Dove Law," seems to have been written for the purpose of encouraging gunners to break the law and places the officers of the Los Angeles County Game Protective Association in a bad light, but a good light. I find in the bylaws of that association the following clause:

"It's object shall be to protect the game of the county by enforcing the laws and game laws as passed by the Legislature of the State of California, and all ordinances passed by the Board of Supervisors of Los Angeles County."

Again, under the head of "Object of the Association," it is declared: "The organization has no connection with any gun club, nor is it organized for any purpose of hunting or sport."

This is fine, but is quite inconsistent with the article in the columns above referred to which says:

"The local protective association has decided to have nothing to do with the new (dove) ordinance, and will not support it at all."

If the dozen or so officers are not in accord with the principles and objects of their association, it seems to me that more than the scant sprinkling of dust that more than the scant sprinkling of them are in favor of it. The action of the officers of this association is correctly representing the "eight hundred members" they claim the right to speak for.

Many members of this protective association worked hard to have this ordinance enacted, and I have no evidence that more than 100 of them are in favor of it. The action of the officers of this association looks like a trick of the tail attempting to wag the dog. If these persons who claim the right to speak for the local

Dust!

LOS ANGELES, June 18.—(To the Editor of The Times) I know of no better way to make our wants known, or to obtain redress in our grievances, than through the columns of the Times. And, therefore, I appeal to this source in hope of relief from the almost insufferable scourge of dust that afflicts us daily. I do not know how it is in other parts of the city, but, living in (West Adams) where traffic and noise begin at dawn and continue all through the day, and where the passing of funerals is of daily occurrence, often three, four and five a day, it seems as if something more than the scant sprinkling of dust that more than the scant sprinkling of them are in favor of it. Dust!

LOS ANGELES, June 18.—(To the Editor of The Times) I know of no better way to make our wants known, or to obtain redress in our grievances, than through the columns of the Times. And, therefore, I appeal to this source in hope of relief from the almost insufferable scourge of dust that afflicts us daily. I do not know how it is in other parts of the city, but, living in (West Adams) where traffic and noise begin at dawn and continue all through the day, and where the passing of funerals is of daily occurrence, often three, four and five a day, it seems

## AT THE CITY'S GATES

## UNIVERSITY.

MURK J. M. Hamilton is having a handsome two-story house on the West Adams tract. It will be completed in August, and will be used as temporary headquarters of the Adams-street Methodist church and Sunday school. The church has not yet been fully organized, and the Methodist conference is in session meeting last evening at their home, No. 127 North Avenue. Refreshments were served, and the evening was spent with music, games and general sociability.

The R. R. Club will entertain a company of friends tonight at the residence of F. J. Ganahl on West Avenue. His new charge as pastor of the church has given the movement another church in the highly promising field held by Mr. Ganahl as evidence of the work he means he has employed in order to make the enterprise a successful one.

George F. Bovard of the University of Southern California will have his new home at No. 1204 West Avenue, corner of Hillman and Hillman, the new library building. The library is to be opened in the college next month. More shelves added because of the opening of the college next month.

There are rumors of the building of a grammar school for the college, but no definite action has been taken. The woman of West Thirty-second street has all the advantages of a summer resort, yet the Illinois Central express runs you to the heart of the city in minutes. The finest hotel on the Great Lakes, for families and tourists. Stone and green brick. 400 rooms. Golf, Tennis, Boating, Bathing and Fishing.

## Achievements of Capital, Labor and Production

### TEN-ACRE AMERICA.

**A**SSISTANT SECRETARY BRIGGS of the Department of Agriculture has secured the use of a sunny slope of ground of about ten acres near the government building at the St. Louis exposition, says Bradstreet's, and this will be laid off in miniature reproduction of the United States. The several States and Territories will be clearly defined, the boundary lines of each being made up of pathways, so that visitors can walk around each separate commonwealth. The products of each section will be represented in the various States, and, if the skill of the department's experts can accomplish the desired result, will be growing in the States to which they are native when the exposition is formally opened on May 1, 1904.

For instance, miniature fields of rice will be grown in Louisiana, Texas and the Carolinas with the other products of these States; Mississippi, Florida, Alabama and Georgia, the Carolinas and Texas will have fields of snowy cotton, green wheat and waving corn; Virginia and the golden tobacco belt of North Carolina will show the plant in all its varieties, while Maryland, Arkansas, Missouri and other States will afford a bird's-eye view of the diversified crops grown within their borders.

It has been decided what part the District of Columbia will play in the miniature United States, but if the present plans do not miscarry Washington will be the most attractive portion of the entire plan, with roses for rice, yellow jessamine for wheat, and lilies the white open field of border. There will be oil wells in Texas, ore mines in Alabama and Tennessee, granite and marble quarries in other States, and the entire exhibit from the States will be assembled with a view to illustrating the resources and industries of that section.

The department officials consider this living map of the United States as both artistic and feasible. Work will be done in the preparation of the department will be devoted to the difficult task of growing pineapples and oranges among the palm groves of Florida, while at the same time tobacco and corn are ripening along the lower Ohio. Michigan, Indiana, Kentucky and the Carolinas, and all this within the confines of a ten-acre lot.

The more important rivers of the country will be reproduced in miniature, and will flow from their artificial sources to their tributary rivers to the ocean, to be represented by a lagoon. Niagara will be reproduced in miniature, and the great lakes will be little ponds geographically correct in outline.

**NORMAL BANQUET.** At night the Los Angeles State School Alumni Association gave annual banquet to the graduates of the Normal School. Tables set for 100 guests in the dining room, where the repast was spread.

The tables were decorated with a peacock, and the large hall was tastefully festooned in streamers of red, white and blue. The dinner was followed by a business meeting of the association, and followed by an informal dance and reception. Miss Vesta Inman, president, presided as master of ceremonies.

Howard responded to the greeting: "Before the Altar," and B. M. to the toast, "Coming Back," and these numbers the assemblage sang with a will. "Co-Ca-Cha-Lunk," "Spanish Cavalier," and "Auld Lang Syne" were the bacchanales set to the combine senior A and senior, will be preached by Rev. W. H. House Day in the First Congregational Church.
